

Prepare to Work: Public Safety and Fire Training

Firefighter Physical Agility

See if you're ready to train for a career in firefighting. The agility test consists of seven exercises of the Fire Fighters Performance Agility Test created and validated by the Michigan Municipal League. The stations relate to skills needed to perform firefighting skills without prior knowledge.

ATC 141A Port Huron campus
Saturday 9 a.m. to 4 p.m.
Cost: \$2,600 33 CEUs/330 Contact hours
ZPFT 250 02

Emergency Medical Technician

Train for a career as an emergency medical technician. This Basic EMT class is an essential step toward a career in emergency services, and provides the foundation of skills necessary to administer care and assessments in the field. This class is a combination of didactic and practical training and also will give you a first-hand look at how you can use your new knowledge and skill in the field with clinical time on both the ambulance and in the emergency room. In addition to assessments, you will learn care for medical emergencies, airway assessment and management skills, spinal immobilization, use of automated external defibrillator (AED) and cardiopulmonary resuscitation (CPR). This Michigan Certified Basic Emergency Medical Technician (EMT) class is based on 228 hours (52 of which are required clinical hours, ride time and in-hospital instruction).

Prerequisite: Must be 18 years of age or older, have a high school diploma or GED and have no felony convictions. Hepatitis B vaccination series must be started by the beginning of class at the student's expense. Required dress: dark blue or black slacks, a belt and a pair of shoes that have a thick sole for safety purposes (clinical shirts will be provided).

Sept. 21 to Feb. 26

Monday, Wednesday and Friday 6 to 10 p.m.
M-TEC 206 and 209 Port Huron campus
Cost: \$950 25.4 CEUs/254 Contact hours
ZPFT 850 01
