

Prepare to Work: Transportation, Distribution and Logistics

Job outlook for shipping, receiving and traffic clerks

Average salary: \$14.60 per hour in Michigan

Types of jobs available: Receiving clerk, shipping clerk, traffic manager, warehouseman

Supply Chain Technologies

Prepare for entry-level employment in supply chain occupations found in the transportation, distribution and logistics industry. The class consists of the following training modules:

- Internet and Computing Core Certification (IC3)
- Introduction to Electrical/Electronic Concepts and Measurements
- Introduction to Radio Frequency Identification
- Introduction to Imports and Exports
- Introduction to Basic Calculating Skills Used in Technology
- Certified Logistics
- Microsoft Access, Excel and Word Basic
- Employability Skills

At the conclusion of this program, you will be prepared to sit for the Manufacturing Skills Standards Council (MSSC) Certified Logistics Associate (CLA) and Certified Logistics Technician (CLT) exam and IC3 exams.

Prerequisite: WorkKeys assessments. Testing is \$50 and should be completed at least one week prior to class start date. To schedule testing, call (810) 989-5736.

Jan. 23 to March 12 ZPTR 122 01
Monday to Thursday 9 a.m. to 3 p.m.
M-TEC 203 Port Huron campus
Cost: \$2,995 14.2 CEUs/142 contact hours

I had worked as a laborer for a local company and was laid off in 2008. Afterward I tried several other positions as a laborer but was not satisfied. When I learned about the Supply Chain Technologies program at SC4, I enrolled in hopes of gaining experience for employment opportunities other than general labor. After my training, I went for an interview at All Star Services in Port Huron. My interviewer was happy to see that I was a Certified Logistics Tech and a Certified Logistics Associate. I was hired because they knew I had knowledge in this field. I am now enjoying my new position. I appreciate the instructors at the Workforce Training Institute. They gave us every opportunity to learn as much as possible.

Daniel Lodge Peck

For more on careers in transportation, visit www.sc4.edu/transportation.

Many national and international companies, including Union Pacific, Penske, Lockheed Martin Aeronautics and Navistar, have endorsed the Manufacturer's Skill Standards Council (MSSC) certification and specifically seek CLT certified workers.
