

# Public Safety and Fire Training

---

## NFPA Plans Examiner School

This class shows you how to read plans for code compliance. It then provides hands-on research of the code based upon the information presented on actual plans, to determine if the building is being built according to the way the code is stated.

### May 15 to May 23

Saturday and Sunday  
M-TEC 210  
8:45 a.m. to 4:45 p.m.  
Port Huron campus

In-District

Cost: \$290  
ZPFT 508 01  
3.2 CEUs/32 Contact hours

Out-District  
Cost: \$310  
ZPFT 508A 01  
3.2 CEUs/32 Contact hours

---

## NFPA Fire Inspector I

Expand your knowledge in the fire inspector field. This National Fire Protection Association (NFPA) 80-hour class is accredited by the Fire Code Regulation School. The training is designed for fire inspectors, corporate industry, health-care facilities (i.e. hospital maintenance) or any other person wishing to acquire knowledge in Fire Inspection I. This class prepares you to take the state certification test. (The NFPA test is offered separately from this class.) You are required to purchase books for this class by contacting the Michigan State Fireman's Association at (800) 445-3844 or another vendor (ask for the Michigan Fire Inspection I curriculum).

Students are required to purchase books for this class by contacting the Michigan State Fireman's Association or another vendor (ask for the Michigan Fire Inspection I curriculum).
